of the land on which the Guest House is proposed to be built has been handed over to the Chief Engineer by the Tribal Council during which Counsellor(TW), Director(TW) were also present. Shri Hayat Singh, C.E., APWD stated that he would require atleast 15 lakhs rupees during current financial year so that he can complete phase one of the construction work. However, in this connection, the Planning Commissioner has approved only Rs. 5 lakhs during the financial year 1992-93, which is included in the tribal sub-plan and it is in the knowledge of A.P.W.D.

In this connection, C.S. has already approved at para 69 above, The proposal to utilise the funds that would be located as savings in the capital Head of the Admn. In the first instance or by asking additional funds in the subsequent year of the 8th Five Year Plan from the Planning Commissioner.

Therefore, C.E., A.P.W.D. may locate the savings accordingly and may utilise the funds to complete the construction of Nicobarese Guest House as proposed by him.
