To the attention of Dr G Thinadh Kumar
CCF, A&N Forest Department
Port Blair

Dear Sir,

Following my phone call please find attached the entire application sent to Government of India and the tentative filming schedule.

We have received permission from PCCF WL office regarding the Protected Areas but we also need permission for other areas (Baratang, Mayabunder, Diglipur) from October 1st 2019 to March 31st 2020. The permission is to be made in the name of LES FILMS D'ICI, Paris who is the production company for French Government FRANCE 5.

We went to Port Blair in August to meet the PCCF Mr Coomar, and I was under the impression that the MHA had sent your department a copy of the application.

Since it is a foreign production, I need permissions from both PCCF Territorial and PCCF WL to process the permission with Home Affairs and External Affairs.

Considering the process, we are now running late. Thank you for taking care of the matter and let me know.

Best regards,

Prajna CHOWTA
