

Dear Mr. Govind Ram ji,

Hope all is well with you. Our time for second field work on Teressa and Chowra Islands has drawn near. We are reaching Port Blair on October 1st and would like to seek your help in getting accommodation in South Point for few days [till the team of four JRPs] board the ship. As the timing of the sailing of ship is not announced as yet you are in the best position to decide how many days the team will stay at South Point. Earlier they leave better it is. So we need two rooms on shared basis one for girls and one for boys. The details are given below.

Mr. Rahul Pachori (Ph: 8826563828), Mr. Vysakh (8089462998), Ms. Rakhi Saloni (9599455408) and Ms. Suyashi (9007091607 and 9953553779). They will use the time at Port Blair getting the tribal permit. As you are associated with our work, I hope and expect that your office will render all help to facilitate our research on two endangered languages.

Without your help we can't make any headway. I will always remain obliged to your support.

Any progress on the visit plan of Sentinalese?

Please give our greetings to your wife.

With best wishes

Anvita
