

48/N.

NHIDCL has sought permission for recommencement of work in Jarawa Tribal Reserve on ATR for movement of staff/workers. The work is pertaining to Retaining wall and Road shoulders, pending between Jirokatung and Middle Strait.

(210)

Earlier the TN. depar has allowed them with certain conditions. Now, after ^{lifting of} ~~lockdown~~ restrictions due to

COVID-19, ~~now~~ NHIDCL wants to recommence the work. At present only one convey is being allowed.

(211)

With convey leaving at 12.00 noon. From Jirokatung to

Middle Strait at 3.00 PM. From Middle Strait

to Jirokatung. Earlier they were permitted to go with first convey at 6.00 AM. and return at 3.30 PM in the last convey. Also as per the recent order Health.

Status of Driver and Crew must be undertaken before they cross into other District and they must maintain prescribed norms of social distancing & mask etc.

So now approval is needed to allow them

to go on the ATR for carrying out works. From time other than ^{single} convey, after health checkup / screening of the workers.
