

Officer, PIB, Shri. A. Cephas Jack, Deputy Vice Chairman, Tribal Council, Shri Chamberlain, Vice Chairman, Tribal Council and members from various departments appreciated this endeavor. Around 250 children and 450 community members visited our stall and appreciated this effort.

A skit on 'Adverse effects on drug addiction and the remedy' was performed by CDC children. The team members performed a skit on 'Leprosy' which was well received by the public. Cultural programme was also organized by the children. As a whole Butterflies was able to

reach people and generate awareness on child rights which was well received by the people of Car Nicobar and other dignitaries who participated in this programme.

ACHIEVEMENTS

WITH COMMUNITY & ADMINISTRATION:

- Amicable working relation established with Tribal Captains in Car Nicobar.
- Village Captains from seven villages in Car Nicobar have provided shelters to run CDC in their village despite shortage of space.
- Village Captains from seven villages in Car Nicobar have provided shelters to run CDC in their village despite shortage of space.
- Butterflies succeeded in exposing the concept of child rights and child protection to children, parents and community in the working areas by various workshops, trainings, cultural programme and awareness rallies.
- The rally on substance use yielded some very positive result and created a direct impact on the community and children.
- The shopkeepers now strict to the Tobacco Act, 2003 and make sure that the tobacco products are not sold to the children.
- Youth and community members showed curiosity in arranging the cultural events.
- Parents, Community and Tribal Council appreciate and acknowledge the efforts by Butterflies to improve their children's leadership skills, creative thinking, writing skill and oratory skill.
