

(165)

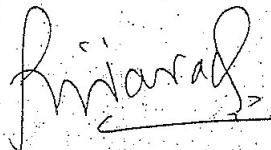

shall issue necessary orders to associate the medical doctors in the study and to arrange the logistics support to carry out the study in a month. The Deputy Director (Tribal Health) shall ensure that such orders are issued by the Directorate urgently within a week.

(ii) *Removal of encroachments near 24 Km point on North-South Road:*

(13) Shri Manish Chandi mentioned that unauthorized encroachments are taking place in the Shompen Reserve Area near Revenue villages. One such encroachment is noticed in the 24 Km point on North-South Road where a substation of AAJVS could be established. It was decided that further course of action would be taken after the visit of Director Tribal Welfare & Executive Secretary to Shompen area.

(iii) *Satellite imagery of North Sentinel Island:*

(14) It was decided that the Director (TW) shall move a note for the request to be sent to the Ministry of Tribal Affairs to arrange for the satellite imagery of the North Sentinel Island which will be used for study of the Sentinelese and the resources on the Island.

S.A. Awaradi
Director (ANTRI)
