Dated: 14.12.2016

To,

The Director,
Tribal Welfare Department,
Andaman & Nicobar.

Dear Sir,

This is in continuation to the advice extended by the Secretary (TW), based on which, we met the Assistant Commissioner (TW) who is also holding the charge of Director (Sports). The Director (Sports) has agreed to extend his support to our film which is on the football of Car Nicobar. The core idea of the film is to highlight the love and talent that Car Nicobar has for football, a sport that they have been playing for over a hundred years now. I truly think that the film will help highlight the talent and potential of this little-known island to the rest of the world.

I am thankful for all the support that we have received from the authorities of the A&N administration so far. With your continued support and help, I have no doubt that we will make a film that is befitting of the talent and the passion of the islanders. We have shot three schedules of the film so far - in Goa, in Car Nicobar, and in Port Blair. In order to complete the film, we need to go back to Car Nicobar for at least three more schedules till August, 2017. Hence, we solicit your kind permission to carry out the shoot till August, 2017

For the current schedule, we request you to help us acquire the landing permit for the period between 16th December 2016 to 15th January 2017, for myself, Manju Iyer, and the cameraman, Ajey Kodlikeri.

We certified that the terms and conditions of the Administration will be followed and the film will not be telecast unless and until we get the approval from the A&N Administration.

Copies of the following documents are enclosed for kind perusal

- 1) Permission granted by the Directorate of Tribal Welfare to carry out the documentation
- 2) Tribal Pass issued by the District Administration

Thanking you,

Warm Regards,

Manju
