

Floating population or 10-years Locals: The other islanders have migrated to A & N islands from various States and UTs of India after Independence for their livelihood; they inherit properties in their parent States and UTs. Their castes have already been defined in their respective States and UTs. They are called floating population, 10 years locals and so on. Most of the floating population is Bengali, Tamil, Telegu, Ranchi and Malayali. Their population may be about 50% or more.

The classification and actual populations of the permanent residents (1998 -- '99):--

- I. Bengali Settlers – (Post-'47) : 1.25 to 1.30 lacs (Approx.)
- II. Pre-'42 Local Borns : About 30 to 35 thousand only.
  - A. Convict descendants: (Penal Settlers)
    - 1. Local Borns (Pre-'42) - Mixed: 7.5 to 8.5 thousand only (Approx.)
    - 2. Mopla : 22 to 23.5 thousand only (Approx.).
